Stupak tells Grayling he supports national budget, opposes trade agreement

By Terry Wright

Congressman Bart Stupak (D-Menominee), spoke last week to the Grayling Rotary Club about his first seven months in office. Stupak, of the 1st Congressional District, represents the northern half of Crawford County.

He spoke of efforts to reduce government waste, his support of the recent national budget, and his opposition to the North American Free Trade Agreement (NAFTA).

On the recent passage of the national budget, he said, "This is the second poorest district in Michigan. The new budget will benefit northern Michigan. It's not perfect, but it is a step in the right direction."

On NAFTA, Stupak said, "I am definitely against the North American Free Trade Agreement. Some health, pharmaceutical, and chemical standards will be lowered because Mexico could appeal our higher standards. It took the Europeans 16 years to develop a workable trade policy. I'm not against free trade, but we need to slow down on NAFTA."

Congressman Stupak serves on the Merchant Marine and Fisheries Committee, the Armed Services Committee, and the Government Operations Committee.

Tornado slams Beaver Creek Twp., mobile home destroyed, no injuries

By Terry Wright

On Monday evening Tom Gracheck was keeping an eye on the weather. The rains were coming in sheets and the wind was screaming around his trailer. The National Weather Service had issued a tornado watch for Crawford County. Living in a mobile home at the corner of Seven Mile and Johnson Roads in Beaver Creek Township, Gracheck knew the potential dangers that high winds and tornados carry.

When the storm had reached its peak Gracheck heard what sounded like a big jet coming toward his house. He grabbed two of his four cats and crawled under the kitchen table. "It hit so fast," he said. "I could feel it sucking on the trailer, then the roof came off. If the roof hadn't gone I think the trailer would have rolled."

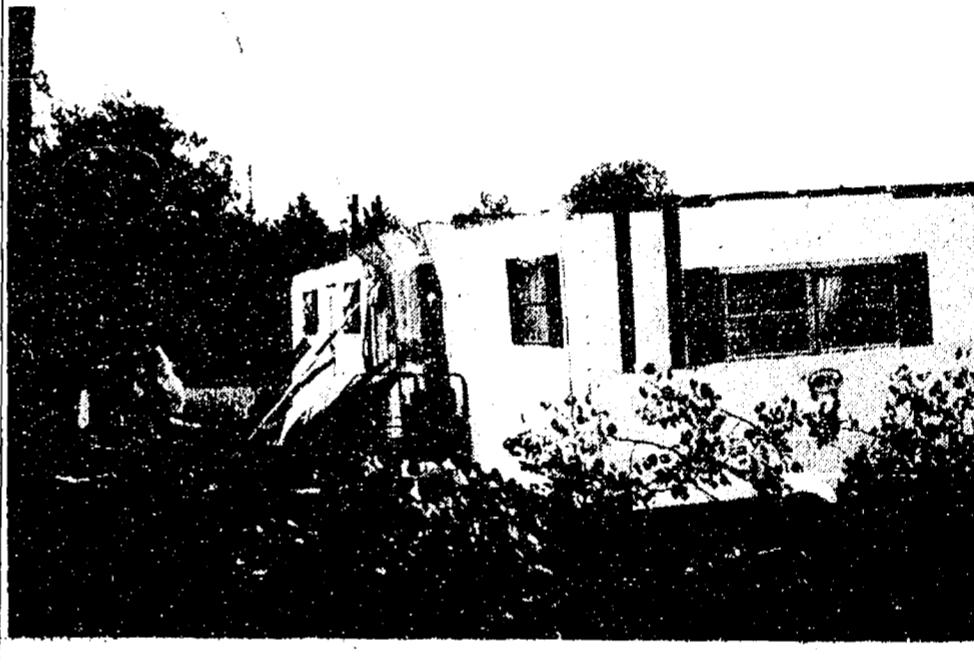

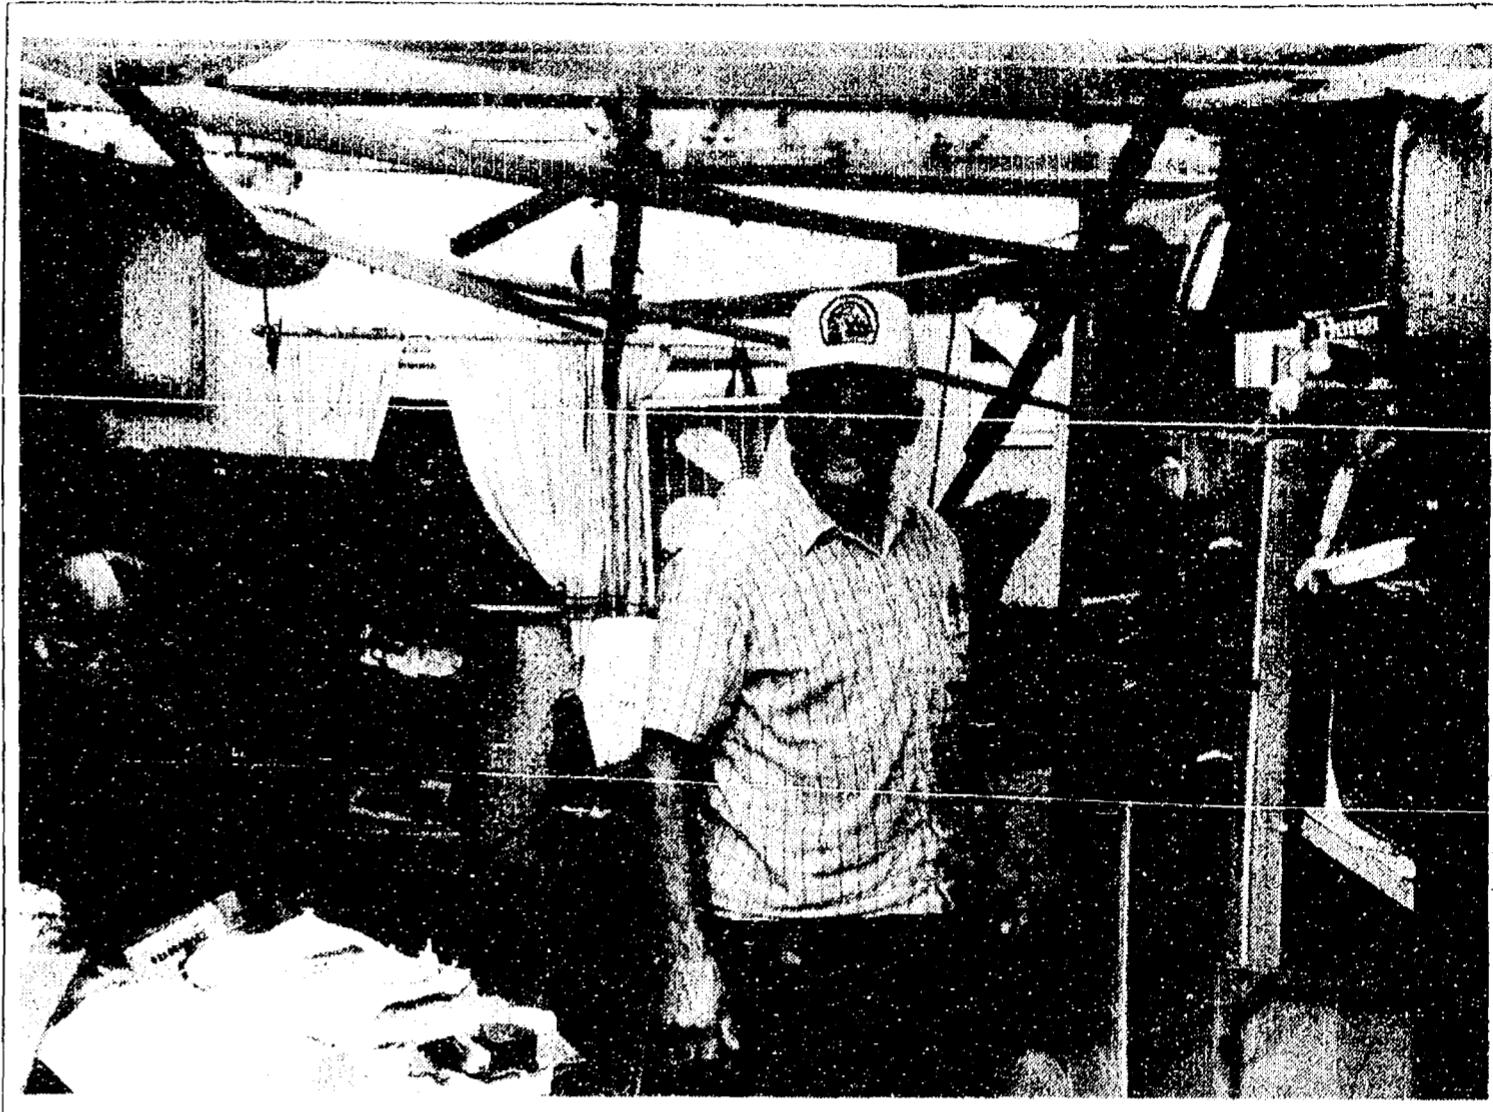

When the tornado hit, it scattered Gracheck's roof across his front yard. It pushed the trailer off its foundation buckling the sidewalls and wrenching away the sheetmetal. Inside, his belongings were scattered and smashed as if someone had picked the trailer up and shaken it. When he found his clock, smashed and broken, it read 5:38 p.m.

The tornado continued across his yard flattening his garden and uprooting his trees. When it crossed Seven Mile Road it slammed into the thick pine and aspen forest knocking down nearly a hundred trees in the blink of an eye, then it went up and was gone as fast as it had come.

Gracheck's home lay in total ruins, as did his furniture and most of his belongings. Miraculously, Gracheck and his pets, two cats inside and two cats and a dog outside, were safe.

Sharon Barber, a next door neighbor of Gracheck's, had seen the tornado coming. "It was right in front of our house," she said. "When we saw it

Band Boosters look for a few good helpers in continuing GHS tradition of excellence

By Terry Wright

The Grayling Band Boosters club was first organized in the early 1960s to buy uniforms and instruments for the Grayling senior band, junior band, and beginner's band.

Through the years the Band Boosters

have raised thousands of dollars with hundreds of volunteers giving their important time for the musical interests

of their children. They have sent outstanding students to band camps; they have sent the senior band on an annual performance trip; they have

bought instruments, and they have bought uniforms.

In 1986, in a community wide resurgence of musical commitment, the boosters bought 100 new uniforms at \$100 per uniform for the senior band. Since that time, under the

direction of Dennis Ormsbee, the band has rewarded the parents and the community by consistently earning the highest possible ranking in statewide competition.

With the 93-94 school year now underway, the Grayling band program again needs help. Ormsbee estimates that about 320 students, in 5 different programs, will be studying various band instruments this year. "The school has done a great job of supporting band, but with the current dollar crunch they've had to cut back," Ormsbee said.

Last year the senior band was able to travel to Chicago to perform at the Shriners Children's Hospital. This year, Ormsbee said the band has been invited to perform at Disney World and at music conventions in both Chicago and Ann Arbor. "It was quite an honor for us to be invited to play for the conventions," Ormsbee said. "It's a very difficult process to get invited."

He made it clear that despite the normal fund raisers that the band students take on themselves, unless the Band Boosters can help, the band may not be able to make any trips this year.

He also said the band is in need of some specialty instruments like bassoons and bass clarinets. "These are instruments that are very expensive for parents to buy. An inexpensive bassoon can cost \$2,000."

This year promises to be a good band year if the quality of those teaching band is a measure of the quality of the program. Besides Ormsbee, who is a proven builder of excellence, this year the assistant director will be first year teacher Shelle Tober. Tober was named the outstanding graduate in last year's Central Michigan University music department.

If the band program is in the best shape ever, the Band Boosters club is not. A dedicated corps of officers are in place, led by president Mike Bearss, Continued on page 2

Cornea transplants will restore vision of local customer greeter

By Terry Wright

To hundreds of local shoppers, Alice Malkin is a very familiar sight. She has been a cheerful greeter at the

poor that it was impossible for her to catch up on a normal education.

Despite her handicap, Alice was able to find love. She is married to William Malkin and has two stepchildren. They make their home in Grayling.

Today however, Alice is looking forward to a time when she can lead a normal, healthy life. On July 13, at the U-M Kellogg Eye Clinic, Alice received a cornea transplant in her right eye and her vision is slowly returning. It is expected to continue improving for 6 to 12 months, and during that time she will undergo a cornea transplant on her left eye.

Within two years Alice hopes to have 20/20 vision. "I miss reading the

most," she said. "I'm looking forward to being able to read a book again. And I'm looking forward to learning how to drive."

This summer, because of her operation, Alice has taken some time off from her duties at K-mart. She is looking forward to returning to work sometime this month.

She spent much of the summer as a camper at the Camp AuSable summer camp for the blind. "Blind campers are very special to me. I'm hoping to continue to be active at Camp AuSable even after I'm sighted, if I can," she said. "I would love to learn how to read and write braille and eventually teach, but where can a sighted person go to learn braille?"

Held on attempted murder charge after shooting

By Terry Wright

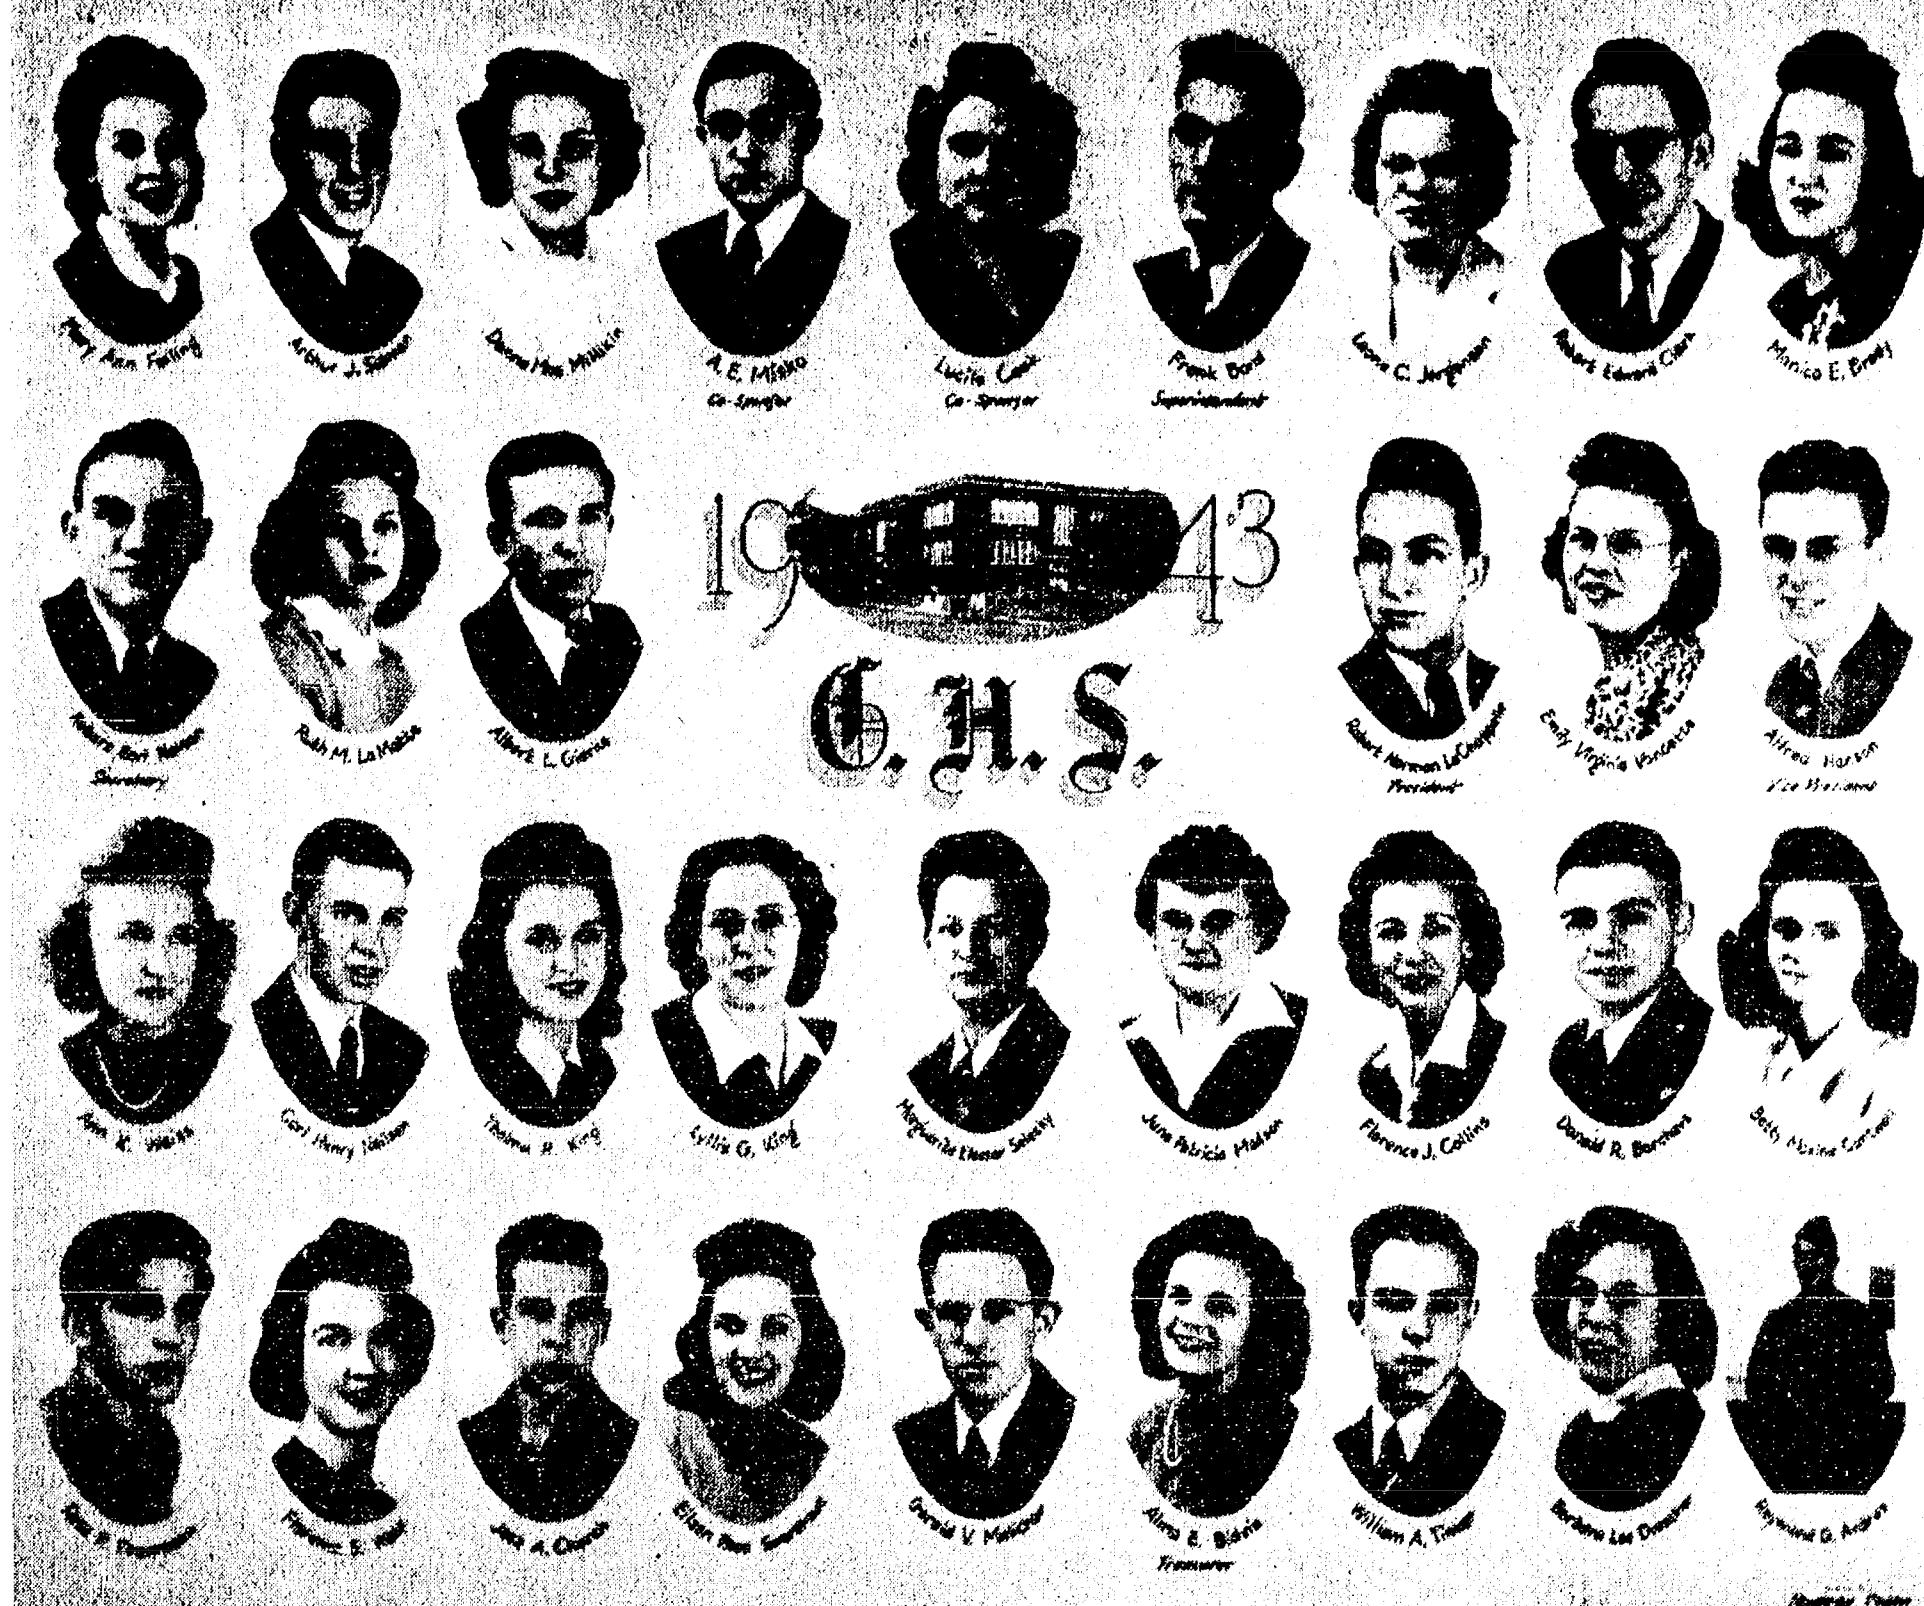

A 33 year old former Swartz Creek resident is being held in the Crawford County Jail on charges of attempted murder.

Walter Hartley was arraigned in 83rd District Court August 24 on charges stemming from an incident in which he held a former girlfriend and three of her friends in a hostage situation inside a mobile home. During the situation Hartley allegedly fired two shots from a .20 gauge shotgun. One shot grazed

the ex-girlfriend causing minor injury. Hartley then fled into the nearby woods.

Sheriff deputies, assisted by the Michigan State Police K-9 unit, DNR conservation officers, Grayling City Police, and Camp Grayling military police apprehended Hartley a short time later. The shooting victim was treated by North Flight EMS and released at the scene.

The incident occurred in a remote area of Grayling Township off Stephan Bridge Road.

Benefit dinner for 'Becca,' cancer now terminal

By Terry Wright

Two weeks ago, the Avalanche reported on the illness of four-year-old Rebecca Jones. Rebecca has suffered from brain cancer since she was an infant.

Because of a disagreement in a recent U-M Children's Hospital diagnosis, Rebecca underwent a spinal tap to determine the stability of the tumor which surrounds much of her brain. Trina, Rebecca's mom, was told that if cancer cells were found in Rebecca's spinal fluid, a new tumor had developed and no further treatment was available. If no new cells were found it meant that her tumor was

stable.

On Thursday, August 19, Rebecca underwent the spinal tap. This time there was no disagreement from her doctors. New cancer cells were found. Rebecca's condition is now untreatable.

Trina has amassed hundreds of thousands of dollars in medical bills treating Rebecca's illness. Medicaid has paid some of the expense and community generosity has helped also.

On Wednesday, September 8, there will be a benefit spaghetti dinner to help Trina pay her bills and provide

some joy to Rebecca in the time that she may have left. The dinner is being sponsored by some caring employees of Glen's Market. It will be held at the Grayling American Legion between 5-8 p.m. Tickets will cost \$5 for adults and \$2 for children. The public is encouraged to attend.

Rotary Club names winners

Jerry Micek and Colby and Brian Davis are recent winners of \$50 in the daily Rotary Club drawing.

Invited to meet the editor/general manager

A coffee and donut hour from 10 a.m. until noon will provide the community the opportunity for Lamb to meet members of the community and for brief tours of the newspaper operation.

Fall is in the air, so this is the time for salmon. The run has now started in many places, but the St. Mary's River in Sault St. Marie is in full swing, and will just get better into mid September. They are getting kings and pinks in the rapids.

This Week's Fishing Tip

You can get the pinks on flies, including streamers, and sometimes dry-flies toward evening. Also casting clous with spinning tackle has proven successful. You must get to the rapids from the Canadian side of the border. Also troll with a boat down by the power plant below the rapids.

Lick dilemma shouldn't boost secrecy

PUBLIC FIGURES usually live in the limelight and thrive on publicity. But too much publicity — or the wrong kind — or at the wrong time — appears to have forced educator Dale Lick to step out of the limelight, at least for a while.

Citing diminishing support from higher up, Mr. Lick resigned his job as president of Florida State University, partly due to publicity. He had also failed in his bid to become president of Michigan State University, partly due to publicity.

The obvious conclusion from these developments involving Mr. Lick means that universities should search for and select their presidents in secret, isn't it?

Well, that's not necessarily true, although that's the easiest and most readily available spin to apply to the Lick scenario.

TOP MSU CANDIDATE — Dale Lick was one of the 100-plus persons considered in the secret selection process for MSU presidency. It was obvious to most that he was the candidate most of the powers in the process really wanted, of the four finalists passed on to the MSU Board of Trustees for selection.

Then came publicity about comments Mr. Lick had made about black athletes. Although the comments had been made in 1989, and had been thoroughly discussed when Mr. Lick was picked by Florida State, they came like a bombshell in the MSU selection process.

Mr. Lick defended his role in the controversy as best he could, but did

not convince many MSU campus groups and some MSU trustees who openly opposed his selection. Mr. Lick properly withdrew from consideration.

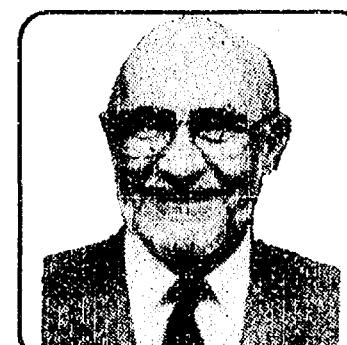

Publicity appeared to have done him in; but it was the publicity about his comments relative to black athletes that were at issue, not publicity about his candidacy at MSU. That's quite a difference.

TROUBLE IN FLORIDA — That was only half the Lick battle. Back home in Tallahassee, some FSU officials — including those who run the entire Florida higher education system — were quite upset by their FSU president.

According to their statements in the newspapers, they were quite perturbed that Mr. Lick had not informed them he was going after another university presidency. Only when the MSU selection process opened up with selection of the four finalists did the Florida folks learn they might lose one of their stars.

Publicity again had reached out and tapped Mr. Lick, causing him some problems. But again, it was not the fact that he was trying to become president of his alma mater — a larger and more prestigious university than Florida State — that bothered his superiors as much as the fact that he had pursued his goal in secrecy.

When Dr. Lick was selected by Florida State, he survived an open process, with publicity from the first moment. What caused his demise at Florida State was not openness, but his own secrecy.

Again that's quite a difference.

* * *

PUBLIC SHOULD RULE — There's nothing wrong with letting the taxpaying public know what's going on when their top officials are being selected. It's the taxpayers, not the Board of Trustees, who will pay the new president at MSU \$180,000 or so in salary, plus a house and other fringe benefits.

It's the taxpaying public, not the trustees, who send 40,000 sons and daughters to MSU for education, most of them footing quite considerable bills in order to provide the raw fodder for which the trustees and the president make decisions.

The university — like the government — belongs to the people who support it, not to the bureaucrats and politicians who run it temporarily.

Publicity has caused considerable trauma to Dale Lick — who by all accounts is quite a decent person and a competent educator.

But at the baseline, Dale Lick caused most of his own problems.

The rest came from those who tried to act in secret.

It's not the open selection system which is at fault here; it's those who try to skirt it.

LETTERS TO THE EDITOR

Judge people by their hearts, not their color

I really feel sad that I have to write this letter at all, but I do for the sake of my children and their dignity. My husband and I recently bought a home up here in Grayling, because the people were very kind and made us feel welcome and I was extremely happy about that. My children are of different ethnic heritages, mainly African American and Caucasian. We've been to many different places in Grayling without any incident, until today. My children and I were at a store and two adults and one teenager parked next to us. When they got out of their car, the young teenage girl made a derogatory comment to my children with her parents present. That didn't bother my children too much, until she kicked our car, which then frightened them. My children range in age from nine years to 8 months old. I've taught my children to ignore comments from people like that because they are small minded people. This is now my community too, I love it here, but my children are going to still walk with pride and dignity and feel welcome no matter what. You may not like it and your thoughts are against it, but people's thoughts never hurt anyone. But when you act on those thoughts, innocent people get hurt. I want my children to feel good about where they live and go to school. I don't want them to grow up resenting the fact that they live in a predominantly white community. I want them to always look past the color of the person's skin and examine what's in their heart. I don't want them to ever judge a book by its cover. I thought this was a good community and an accepting community because of all the different ethnic soldiers who come here from different states for training. Please, I'm begging you, accept my children by their hearts, not their skin so they may feel welcome and proud of their community.

So they grow up well adjusted and happy adults so they may give back, some day to their community, the right stuff, not the wrong stuff. You see, it's not just parents who raise their kids, it's the whole town, the school, the community, church, every adult they run into, because what they see and hear, reflects on them the rest of their lives. I know, because I'm an

American Indian and I know from first or not. I will have to wait and see. But I once again this is my home that I'm hand experience about prejudice. I'm very proud of and I'm not leaving no matter what!

I'm not sure the incident with my mailbox getting smashed, and my neighbors didn't, is a racial occurrence

Thank you,
Janice Moulder

LET'S TALK ABOUT IT

By Joe Murphy

I guess it is time for the old man to quit playing around and to get back in the harness. It was nice to have some time off, but now that we are fast approaching fall, I feel the urge to share some of the stories and memories with you, my loyal readers. I want to thank all you nice folks who wrote a letter, signed the sheet at the bakery or told me in person that you enjoyed my columns and wanted me to get back to turning them out. I know what I produce is not good writing, but as long as all you nice folks enjoy it, that's good enough for me. Thank you for your support.

Some of the old logging towns earned themselves quite a reputation, such as when a battle scared drunken lumberjack named P. K. Small went into the train depot in Saginaw and roared he wanted a ticket to Hell. The agent calmly handed him a ticket to Seney. Seney is a town located about halfway between Newberry and Munising in the U.P. At that time the town of three thousand supported 21 saloons, four or five blind pigs and five bordellos.

A man named Dan Dunn from Roscommon, running from a warrant in Roscommon County, went there and set up a saloon. On the proceeds of his saloon he had hired an old lumberjack to torch for him in Roscommon. When the old lumberjack followed him to Seney and tried to blackmail him, Dunn killed him and hid his body. Some of the six Harcourt brothers, who Dunn had been feuding with in Roscommon, arrived in Seney and opened a saloon across the street from Dunn's. On June 25, 1891, twenty-year-old Steve Harcourt

The summer is pretty well over and soon we will be treated with the beauty of fall colors. Let's hope the weather will be nice so we can really enjoy them. I think a long and beautiful Indian summer would be a great way to bid summer goodbye. Try to get out and enjoy the nice days we have left, for soon those dull, cold days of winter will be upon us.

Thanks a Million

WEEKLY SYNDICATED COLUMN BY PERCY ROSS

Millionaire Percy Ross is known for his philanthropic work. He offers help and encouragement for those in need. He has earned a fortune and a wealth of knowledge during his lifetime and wants to share both. His motto: "He who gives while he lives . . . also knows where it goes."

Enough maybes, cough up the cash

Dear Mr. Ross: I've never been a person to beg, even though I've decided to write you. I'm 41 and have a 22 year old brain damaged son, who graduated from high school this year (praise the Lord). His father died 13 years ago. I'm his church's secretary, but this is a volunteer job. The membership is so small the church can't afford to pay me.

Several months ago my son had to have emergency dental surgery (\$604). I got behind on my rent because his disability check is only \$530. Then graduation came up and he had to have what the other kids had, so I got another month behind. My rent is \$300 a month. If you could help with one month I would be eternally grateful.

Mrs. S. W. . . Knoxville, TN

Dear Mrs. W.: Giving you \$300 is the easy part and I'm happy to do it, but what are you going to do when the next emergency arises? Maybe you should give up the volunteer job in exchange for a paying one. Maybe that would mess up your son's benefits. Maybe the system works to keep you stuck in a cycle of poverty. Maybe I should mind my own business because you didn't ask for advice, only a helping hand.

Maybe my \$300 will provide just that.

To Percy Ross: For the life of me, I can't figure out what's happened. I've been writing you on and off for the last 8 years and have yet to receive a nickel. Well, here I go again.

Since my last letter, now I've been diagnosed by 3 different doctors with a disabling back problem. The bottom line is this. The doctors have recommended that I hold off on any major back surgery until I can't take the pain anymore. They recommend physical pool therapy. The cost ranges from \$100 to \$200 an hour, for which I will need it indefinitely. A cheaper

route would be to put a pool in my backyard. Since I'm sure you won't turn me down this time, I've enclosed a copy of the \$3,000 purchase agreement. Get your check to me right away.

Mr. J. M. . . Brick, NJ

Dear Mr. M.: Let me get this straight. You've been writing me off and on for 8 years without a positive response. Now you have a \$3,000 swimming pool request.

I don't want to add heartache to your backache, but, "No, no way, zip, zilch, naddo, nothing" is what you get from me. Is that clear?

Dear Mr. Ross: Oh, how happy I would be if in the mail, a check I'd see. Quick as lightning I would go, to buy myself some brand new clothes. I'd be walking, light as air, if I just had new underwear. Down the aisles you'd see me dance, strutting in my brand new pants. I could jog for fifty blocks, if I just had new shoes and socks. There's a chance you'd see me flirt, I'd surely shine in a brand new shirt. And at the end of the glorious day, I'd take time to stop and pray, I'd give my thanks to God above and you, Mr. Ross, for showing your love.

Mr. K. C. . . Huntington, WV

Dear Mr. C.: Your cleverness to write in verse has prompted me to open my purse. A word of caution I leave with you, Buy off the rack, if you're buying new.

Write Percy Ross, P.O. Box 39000-B, Minneapolis, MN 55439. Include your phone number and name of this publication. All letters are read. Only a few are answered in this column; others may be acknowledged privately.

Subsequent to a request by Zoning Board of Appeals members to increase its petition fees to \$200 per case, and a compromise proposal formulated by Supervisor Stancil to increase Z. B. Roll Call: Ashton; aye; McNamara; nay; Medler; nay; O'Mara; nay; Stancil; aye. Motion defeated, petition fees remain at \$50 per case.

Motion by McNamara/Medler, carried, to adopt the Trip Diary format for mileage computation, as designed by Stancil, to be submitted monthly by all employees requesting reimbursement. All ayes.

Further discussion of Township's options to levy less than one mill each December that had been tabled at June 30, 1993, meeting. It was consensus of the board that due to Senate and House adoption of SB1 on July 21, 1993, exempting school operating taxes beginning in 1994; it would not be prudent to make changes in Township levy until it is clear where the State intends to acquire the revenue to replace the tax decrease. Speculation is that State Revenue Sharing will be affected. The Township is already levying less than one mill (.92282) due to Headlee. Subject will be revisited periodically as more information becomes available.

REPORTS:

Stancil reported the Township Supervisors Association of Crawford County, on behalf of its local units, is protesting the proposed amendment to the C. C. Solid Waste Management Plan as currently written and have offered the following solutions to bring about an agreeable plan. 1. The amendment must include 3 or 4 additional primary or backup facilities. 2. A guaranteed cost or reasonable explanation clause with each indemnity of each township's responsibility for prior, current or future contamination.

Grayling Regional Chamber Of Commerce

Servicing Beaver Creek, Frederic, Grayling and Lovells Areas

"Chamber Update Newsletter"

PASSING ON THE GAVEL—At the end of every year there is an opportunity for new beginnings. Likewise, as the presidency comes to a close for Terry Bloomquist, immediate past president of the chamber, he passes some pearls of wisdom on to Donna Masker, newly elected chamber president.

GAVC features:

The chamber introduced (membership at large); its 1993-94 Board of immediate past President Directors and Officers at Terry Bloomquist, the "annual dinner" on Saturday, August 21. The board has been designed so that all segments of the business community have a representative on the board. The categories are financial, retail, manufacturing, legal and professional, G.A.V.C. (motels), service, recreational, and membership at large. There are a total of 12 seats on the board, with not more than two representatives from any one category.

Board Officers

President Donna Masker, Old Kent Bank (financial); Vice President

Don Schanz, Weyerhaeuser (manufacturing);

Treasurer Bill Noeske, Glen's Market (retail); Secretary Keith Kenney, Empire National Bank

Directors

Directors: Dan Wyers, Grayling Recreation Authority (recreational); John Alef, Grayling State Bank (financial); Mary Jo Conway, Mercy Health Services North (service);

Dr. William Dean, Dr. Dean, O.D. (legal and professional); R. J. Hannan, Crawford AuSable Schools (membership at large); Judy Craft, North County Lodge/GAVC (GAVC);

Jack Stevens, Carlisle Paddle Company (manufacturing).

Ex-officio Members

Col. Wayne Koppa, Camp Grayling; Jerry Morford, City of Grayling; Bob Smock, Crawford County Board of Commissioners.

TRIBUTE TO WALTER NOWAK—Several deserving individuals were nominated this year for the "Citizen of the Year" Award, however, none seemed as fitting as the nominating committee's decision to pay tribute to Grayling's biggest fan, Mr. Walter Nowak, who passed away this past July. An overview of Walter's life was presented (as it appeared in Mr. Gordon Charles' column printed in the July 25th edition of the Record Eagle) by Chamber Director Deborah Allen. Walter's wife, Martha, and their daughter, Julie, were present to accept the award.

VERSE OR WORSE

By Joe Murphy

Matter Over Mind

They used to say it was mind over matter
But now that I've grown old I find
That there was something wrong with that theory
That it is really matter over mind

Like when I wake up early in the morning
Thinking what would be fun to do today
Guess I'll try to get some of the boys to join me
And go down by the dam to play

Maybe we can find a baseball and bat
And have a humdinger of a baseball game
With cow pies serving as bases
To slide into second is a shame

Maybe we could walk out to the fire tower
And climb right up to the top
About then my old body sends my mind the message
And those foolish plans come to a stop

For my body is full of aches and pains
And my old joints so stiff they creak
If I was to walk out to where the fire tower was
It would take me at least a week

So matter takes control over mind
And I rise grunting and groaning from my bed
And face the reality of today
With those dreams flying out of my head

Maybe it was mind over matter
In those days of long ago
But now it is matter over mind
And my old body tells me so

There will be an AuSable River Clean-up by the youth rehabilitation boys of Camp LaVictoire on Wednesday and Thursday of this week. The boys will start at Grayling and clean up the river as far as Wakeley Bridge. The canoes used by the boys will be donated by the various liveries here in town.

The missing zebra from Bear Mountain "Little Smokey" exhibit was found Monday, August 31st, at approximately 12:45 p.m. by two employees of Camp Grayling. It was found about 800 feet north of the Camp Grayling parade field, in a ditch off Layle Road. The zebra suffered only a broken leg and bruises to the body.

The large bear at the entrance of Bear Mountain, which was stolen about the same time as the zebra, was located in Ohio last week.

The reason for the confiscation of the bear is still clouded, but, we wonder if some of the Buckeyes still remember the dark day last fall when the Wolverines of U of M upset their applecart. Sorry fellas, Grayling and Bear Mt. had nothing to do with that fateful Saturday.

Bert Plagens, 72, of Maple Forest Township, was injured Monday afternoon, on the Michigan National Guard firing range No. 31, according to Crawford County Sheriff deputies.

Plagens was injured when a 40 millimeter shell exploded which struck him in the back of the head. He was treated and released from the hospital.

Mr. and Mrs. Chuck Fick and Mr. and Mrs. Bob Gottfried attended the Standard Oil Co. picnic at Atlanta last Wednesday evening. Chuck attended a United Oil Workers Union meeting in Grand Rapids Thursday evening.

Mr. and Mrs. Roger McDaniels and family returned home last Tuesday from a camping trip into Canada and around Lake Superior. They were gone for about a week and a half.

Mrs. Bessie Mills tells us that her pet raccoon, that she has been feeding during the summer, has a different system of announcing her arrival when she wants to be fed. It seems that she will open the back door, about a foot and slam it shut. She will do this twice. If no one answers her knocks, then she will open the door all the way up and really slam it shut. After that she usually gets results.

Claribell Goss and Leslie Goss and two daughters, Julie and Mary Lou, spent last weekend visiting Claribell's daughter, Phyllis Armstrong and family in Marian, Indiana.

Mr. and Mrs. John Latuszek and daughters, Diane, Karen Dorothy, and June Savoie spent three days last week in Paradise. They enjoyed picking blueberries on an island in Sheephead

Lake. Their son, Mr. and Mrs. Tom Latuszek and children also accompanied them.

Mr. and Mrs. Howard Lehti of Grayling are the parents of a son, Steven James, born on August 28, and weighing 7 lbs., 4 1/2 ozs.

Born to Mr. and Mrs. Terry Johnson of Grayling, a son, Eugene Paul, on August 28, and weighing 9 lbs., 8 ozs.

Notice: There will be no book rental this year. However, students in grades 7-12 will be required to pay a \$3 refundable deposit for books. This will be refunded in full at the end of the school year if their books are not unduly worn or damaged.

The 1947-48 school year opened with the Grayling staff attending the annual breakfast at the Shoppenagons Inn, Tuesday, September 2. After the breakfast the group met in the Grayling High School, where Mrs. A. Funk, county librarian and Mrs. M. Gorman, county nurse outlined their programs and told of facilities available to the county.

William Dixson and his son, James, looked twice last Thursday when they watched a large doe and a smaller spikehorn buck walk on to the road about two miles this side of the Kellogg CCC Camp. The yearling spikehorn was about half albino, the men said, with two wide white streaks running down each side of his body from his shoulders to his hindquarters. He also had other large white spots on him and it was a sharp contrast to the remainder which was the usual red of a deer at this time of year.

Plans have been completed for Grayling's part in the first Michigan Canoe Championships which will start from the bridge on US-27 in Grayling at 2 p.m. Saturday afternoon and finish in Oscoda, some 240 miles away sometime Sunday afternoon or evening.

Miss Margaret Flagg spoke her marriage vows with James McGee of London, Ontario, at the home of her mother, Mrs. Mary Flagg, August 31, at 4 o'clock in the afternoon. Rev. R. C. Puffer officiated the single ring ceremony. Mr. McGee, Canadian Army, is the son of Mr. and Mrs. A. G. McGee of Kitchener, Ontario, Canada.

Home Extension Group II met at Mrs. Ivan Hamblins last Tuesday evening. Mrs. Stanley Hummel and Mrs. Ernest Lozon won the contests.

Bob Heyworth has returned to his work in Flint and Mrs. Heyworth and son will visit a while with her mother, Mrs. J. Haefka in Midland before going to Flint.

Miss Shirley Hildebrand recently left for Detroit, where she entered nurses training at Harper Hospital.

The Bible Speaks

From The
Calvary Baptist Church

Turning into Sodom?

We have seen sodomy elevated from a depraved sin and detestable crime, to a sickness freed of civil and religious stigma, to public pride in "gay rights." First came private rights, then public civil rights, and now a militant demand for special legislated rights and privileges. We have watched sodomy move in one generation from the darkness of jails and closets to the bright lights of the Hollywood and Washington elite. We have watched the moral decay of sodomy minimized, its diseases justified, and its perverted prejudices glorified! Today, those called neurotic names, (homophobes or homophobes), are not the sodomites, but those who expose and oppose their sins.

I remember when sociologists in the '60s were still calling homosexuality social deviant behavior: "In our society, homosexuality is defined both legally and socially as a criminal and depraved practice and the homosexual is threatened by powerful legal and

social sanctions . . . Sexual contact with persons of the same sex, even if over the age of consent, is against the law in 49 of the 50 states . . ." -Simon Dinitz, Russell R. Dynes, Alfred C. Clarke, *DEVIANC STUDIES IN THE PROCESS OF STIGMATIZATION AND SOCIETAL REACTION*, (New York: Oxford University Press, 1969), p. 327, 342.

Tolerance toward private sodomy started being promoted in the '60s: "Unless a deliberate attempt is to be made by society, acting through the agency of the law, to equate the sphere of crime with that of sin, there must remain a realm of private morality and immorality which is, in brief and crude terms, not the law's business . . . We accordingly recommend that homosexual behavior between consenting adults in private should no longer be a criminal offense." -Ibid 342.

God said, "Thou shalt not kill." and "Thou shalt not commit adultery." (Exo. 20:13, 14). Today, abortion or adultery are no longer considered sins against God or crimes against society. Such sins and crimes have become respectable "rights."

Today, with educators promoting "tolerance for diversity" and fearing the danger of "imposing values," many multiculturalists want to make sexual orientation merely a form of diversity which even "removes homosexuality from the universe of moral judgment, Noeske of Glen's Market will make and makes being gay equivalent to being Jewish or Chinese." -Wm. Kilpatrick, *Why Johnny Can't Tell Right From Wrong*, (New York: Simon & Schuster, 1992), p. 126.

Moral degeneration will not continue unabated without destroying our nation. "Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he reap." (Gal. 6:7). Only repentance and spiritual revival can save America!

Power...
Purpose...
Progress

It is a fact that our nation is among the most progressive in the world. Have you ever wondered why this is so?

Each day, the millions of men and women who power the labor force of the United States of America converge at their respective places of employment with the purpose of a job well done. This attitude spells progress. Power applied with purpose equals the progress for which our country is known.

During this week of Labor Day and each week of the year, may we observe a time to rest from our labors to praise God and meditate upon His Holy Word, for prayer with a purpose provides the strength for progress in the future.

ANNUAL NOTIFICATION OF RIGHTS**

The educational records of any student enrolled in the C.O.O.R. Intermediate School
District are protected under the Family Educational Rights and Privacy Act, Part II, April
11, 1988, 34 CFR Part 99.

A parent or eligible student (one who has attained the age of 18 or is in a
post-secondary educational institution) may, and is encouraged to review educational
records. The review may be accomplished by contacting the building principal of the
school in which the student attends, or by contacting the special education supervisor of
the C.O.O.R. Educational Center, and arranging an appointment. A member of the staff
will accompany the reviewer to provide explanation and interpretation of the
information. If the parent or eligible student believes some portion of the record is
inaccurate, misleading, or otherwise in violation of privacy or other rights of the student,
the parent or eligible student may ask that the records be amended by contacting the
Director of Special Education in writing.

The C.O.O.R. Intermediate School District may amend the record and shall inform the
parent of its intent to amend the record within 45 calendar days. The C.O.O.R.
Intermediate School District may also choose not to amend the record. If the district
chooses not to amend the record, the district will notify the parent or eligible student,
provide a copy of the Family Educational Rights and Privacy Act, and advise the
person that they have a right to an impartial due process hearing. Parents will also be
informed concerning the availability of low cost legal services.

If the hearing officer rules in favor of the parent, the record will be amended, and the
parent will be notified in writing. If the hearing officer rules in favor of the school district,
the parent has the right to add a statement to the educational record.

Copies of educational records will be provided to parents or eligible students upon
request. A charge of 15 cents per copy may be made to cover copying costs.

The following personally identifying information is considered to be "Directory
Information." Students' name; address; telephone number; date and place of birth;
gender; dates of attendance; diplomas and honors received; latest school of record;
and major fields of study. Students' height and weight are also considered directory
information when students participate in athletics.

Directory information will be released at the discretion of the staff at C.O.O.R.

signed directive is received directing the district not to release such information. A form
for this purpose is available at the C.O.O.R. Intermediate School District offices.

Three GHS alumni on 1993 Northern Michigan University football squad

Three former Grayling football players are on the football team at Northern Michigan University this fall. The Wildcats are looking to improve on last year's 1-9 record.

Mark Andrus, a 6'5", 294 pound offensive lineman, was a two-time all-conference pick while at Grayling, where he also earned honorable mention all-state honors. He was redshirted last year as a freshman. Andrus also earned all-conference

honors in basketball.

Matt Branch, a 5'10", 200 pound defensive back was also redshirted as a freshman last year. He played quarterback in high school, leading his team into the playoffs his senior year. He also earned all-conference honors in baseball and basketball.

Gary Schroyer, a 5'6", 158 pound wide receiver rang up 1,310 yards and 18 touchdowns last year as a tailback for the Vikings. He was a

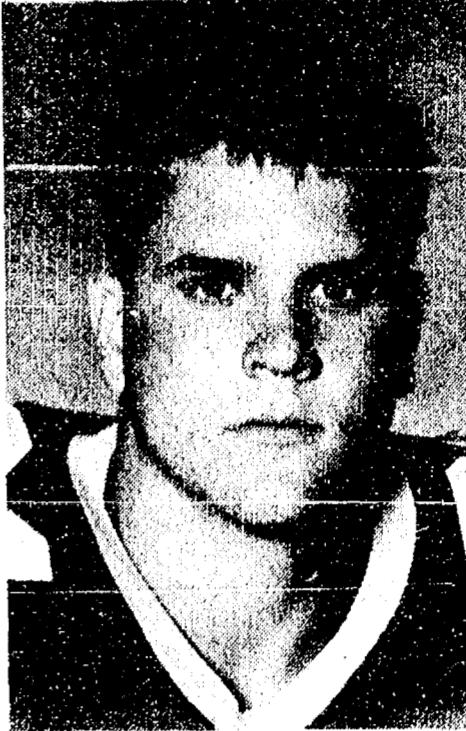

key part of the playoff team who had a great season before losing to tough Swan Valley, 35-21.

In its fourth season of competition in the Midwest Intercollegiate Football Conference, the Marquette school opens its season Saturday when it takes on Northwood University in Midland.

The first home game is September 11 against the University of Indianapolis.

BITS OF TALK

George Blaha of Detroit hosted Joe Robertson of Tawas and Larry LaGrow of Big Rapids for a day of golf and dinner at Tree Tops in Gaylord.

Mary Ellen Robertson of Tawas, children, Jamie and Angie, were guests for a week at the home of Ruth Robertson. While they were here, they took a day to enjoy some sightseeing in Traverse City.

Rev. Doug Watson and wife, Annette, of Newport News, Virginia, along with Joe Robertson, enjoyed a trip to Mackinac Island and spent two days with Ruth Robertson. They enjoyed another trip to the Hartwick Pines and museum. Joe and Doug were roommates at Duke University.

The Robertson family held a family reunion recently in Hubbardston. There were 65 members present including family members from Buffalo, New York, and Eddie and Sylvia Robertson from Waluska, Georgia.

Carl and Rose Hatfield and Harold and Ilene Hatfield returned last week from Europe. They spent one week in London and another week in France. In eastern France at Schwerdorff, Rose's seven brothers and sisters gathered for a family reunion at her family home.

Dick and Carol Wieber,

accompanied by their daughter, Lori Wieber of Oak Park, spent one week on the east coast. They had a family gathering in Annapolis and visited Baltimore and Williamsburg.

Dick's niece, who was a volunteer on a reproduction boat-building group, had the use of the boat for three days and they enjoyed trips on Chesapeake Bay and took a trip to St. Michael's.

The family of the late Camilla and Carl Sorenson, Grayling, enjoyed an annual picnic on Sunday, August 22, at Island Park, Mt. Pleasant, a central location for 55 persons in attendance. Lois Sorenson LaGrow, Grayling, was oldest. She also had the largest family of 21. Youngest was Amanda Francke, great granddaughter of Clara and Robert Sorenson, Grayling. Norman Winter, Portland, and Martin Janca, Mio, were guests of the day. Families came from Grayling, Roscommon, Saginaw, Kalamazoo, Trenton, Eagle, Portland, and from Leesburg, Florida, Evelyn (Sorenson) and Fred Jones. Sue and John Canfield were in charge of planning.

Born on August 5, 1993, Amanda Gayle Francke. Parents are Paula and Trevor Francke, grandparents are Mary and Norman Sorenson, all from Mt. Pleasant.

cruise on Lake Margrethe.

During a pause in the cruise the boats were visited by Jean Moore of Beverly Hills, who presented each guest with a flower lei as a thank you for their contribution to United Way.

Back on land, some participated in a jousting contest. The entrants mounted string mop horses and sprayed silly string at each other, however, there were no winners or losers proclaimed.

No one looked at their watches when the picnic ended and a good time was had by all.

Don't miss out on next summer's fun. This year's United Way Auction will be held November 6, at the Knight of Columbus Hall in Grayling.

NEW TEACHER PREPARES HER CLASSROOM--New GHS Spanish/English teacher Barbara Hunter prepares for the opening of school. Barb is the first of several new Grayling teachers that will be featured weekly in the Avalanche.

Barbara Hunter new teacher at Grayling High School

By Nancy Lemmen

Grayling resident Barbara Hunter has been hired by the Crawford AuSable School District to teach in the Grayling High School Spanish and language arts departments. Her assignment includes four hours of first-year Spanish and two hours of freshman English.

Hunter grew up in LaGrange, Illinois, a suburb of Chicago, and graduated from Lyons Township High School. She said that GHS math instructor Barbara Febev attended the same high school as she did.

She earned a bachelor of arts degree and a secondary teaching certificate from Hillsdale College, with an English major and Spanish minor, in 1973. Hillsdale, a small liberal arts college, had a total enrollment of about 1,100, the size of her high school graduating class, said Hunter.

During her first year out of undergraduate school, she was a substitute teacher for school districts in the suburban Detroit area. She also earned an elementary endorsement and a continuing secondary certificate at Central Michigan University over a ten-year period. Her student teaching experience for an elementary endorsement was in Nancy Dean's 2nd grade classroom at Frederic Elementary in 1990.

She is married to Crawford County Probate Court Judge John Hunter, a Grayling native and graduate of GHS. They have three sons, freshman Andy, 7th grader Colin and 3rd grader Eric. When Hunter isn't being a mom and chauffeur, which she describes as a "full-time job," she enjoys cross country skiing, swimming and sailing.

"I wanted to be part of the school system that my children were enrolled in," said Hunter. "I know so many people from my years of substituting that I am really comfortable here."
